*Use Apportionment Method for awarding of points for Board interviews.

The maximum number of interview points is awarded to the Board's highest ranked bidder, and the remaining bidders receive interview points proportionate to their ranking, the incremental difference between bidders to be determined by dividing the number of points by the number of finalists.

For example, if there are four finalists, the first-ranked finalist receives 800 points, the second-ranked finalist receives 600 points, the third-ranked finalist receives 400 points and the fourth ranked finalist receives 200 points.
